

HOW TO

President
PROF. GIOVANNI SCAMBIA
Scientific Director
DR. URSULA CATENA

July 11th-12th, 2024
December 12th-13th, 2024

HYST

INSTRUMENTATION & SURGICAL TECHNIQUES • HYSTT
DIAGNOSTIC HYSTEROSCOPY • BIPOLAR OFFICE HYSTEROSCOPY
MECHANICAL OPERATIVE HYSTEROSCOPY • RESECTOSCOPY • NEW DEVICES

Fondazione Policlinico Universitario Agostino Gemelli IRCCS, Rome
Largo Agostino Gemelli 8, 00168 Rome
Course Room Gemelli Training Center - II Floor Wing B

New Technologies in hysteroscopy have revolutionized the diagnosis and therapy of intrauterine disorders, ensuring excellent clinical results. Therefore, a strong knowledge of the new hysteroscopic techniques has a pivotal importance to keep gynaecologists updated. The hysteroscopy course “**HOW TO HYST**” is a two- day practical, intensive course set-up according to the **European Academy of Gynaecological Surgery’s** standards to give gynaecologists an opportunity to learn and practice the most modern hysteroscopic techniques. **Hands-on training using the hysteroscopic trainer to simulate different possible intrauterine scenarios** will be the core of this course along with theoretical lessons given by expert tutors. Participants will perform tested and certified practical exercises and will be trained in the use of hysteroscopic techniques according to the European Academy of Gynaecological Surgery’s format. The limited number of 2 participants per training station and the constant supervision by expert and certified tutors will ensure the quality of learning, thus enhancing the final results. The assessment of the hysteroscopic skills learned during the course will be tested by validated timed tests.

■ SCIENTIFIC PROGRAM

DAY 1

- 12.00 Registration
- 12.15 Welcome & Introduction *U. Catena*
- 12.30 Tips & Tricks for a successful office hysteroscopy *U. Catena*
- 12.45 Hands-on: diagnostic hysteroscopy and vaginoscopic approach *E. La Fera*
- 13.30 **Lunch**
- 14.00 Office Hysteroscopy: instruments and techniques *L. Selvaggi*
- 14.30 GESEA Program *F. Campolo*
- 15.00 Hands-on: HYSTT (hysteroscopic skill straining and testing model) *F. Campolo*
- 15.30 **Coffee Break**
- 16.00 Endometrial Biopsy: indications & techniques *U. Catena*
- 16.30 Hands-on: mechanical office hysteroscopy *F. Bernardini*
- 17.00 End of the Day

DAY 2

- 09.00 Hysteroscopic Approach to Endometrial Polyps *E. La Fera*
- 09.30 Hysteroscopic Approach to Uterine Fibroids *F. Campolo*
- 10.00 Uterine Malformations: where we are *U. Catena*
- 10.30 **Coffee Break**
- 11.00 Hands on: how to assemble the instruments *R. Zeloni*
- 11.30 Hands on: Bipolar office hysteroscopy *D. Romualdi*
- 12.00 Hands on: Resectoscopy (polyps, myomas) *D. Morricone*
- 13.00 **Lunch**
- 14.00 Fertility Sparing Treatment in Endometrial Cancer *U. Catena*
- 14.30 Complication in hysteroscopy *F. Bernardini*
- 15.00 Hands on: Resectoscopy (endometrial ablation) *V. Masciullo*
- 15.30 Hands on: Tissue Removal Devices (wet Lab + Virtual Simulators)
F. Campolo
- 16.00 Conclusions *U. Catena*

THE GESEA DIPLOMA

The European Academy of Gynaecological Surgery in collaboration with the European Society of Gynaecological Endoscopy (ESGE) has elaborated a diploma programme open to those who have a surgical background.

The **GESEA (Gynaecological Endoscopic Surgical Education and Assessment)** programme is based on the most innovative evidence-based medicine. The “How to Hyst” course prepares those wishing to obtain the GESEA diploma. During the course participants will have the opportunity to be tested by using the HYST (Hysteroscopic Skills Training and Testing) model used during the GESEA diploma testing. Our Simulation Training Centre for Gynaecology in Rome is one of the two centres in Italy officially accredited by the European Academy of Gynaecological Surgery for the GESEA Programme.

TARGET AUDIENCE

Specialists and Trainees in:
Gynaecology and Obstetrics.

REGISTRATION

Limited to 15 participants. Course registration costs:

€ 500 for Specialists | € 300 for Trainees

To register at the course please visit
